National Exhibition and
Sale of Products Manufactured in Prison

▶ **Correctional Reform in the new era**

Entrance
free

社会 更生 矯正 全国 矯正 協会

What is the National Correctional Exhibition

This is a public relations event showcasing the efforts of adult inmates and juvenile residents in Japanese correctional facilities as they work toward reintegration into society. The event also features exhibitions and on-the-spot sales of products made through prison work.

Prison has changed!

With the recent reform that unified imprisonment with and without labor into a single detention, we will also introduce new initiatives through easy-to-understand panels and displays.

2025 **12/6** **Saturday**
10:00~17:30
Tape cutting starts at 9:45~

7 **Sunday**
9:30~15:30
